

## Final Team Challenge

This final team challenge is to take an “after” team picture. Someone on the team must take the picture and email it to me at [efaught@princetonclub.net](mailto:efaught@princetonclub.net) by Wednesday, January 25th at the end of the day. This gives everyone at least one more class to take the picture. This is an easy 20 points for participation for your team. We can then look back at your team before and after pictures. The top team is a super close race, so every point counts!
